

## **The Evolving Legacy Award**

### **Scholarship for Seniors Advancing to College**

The Evolving Legacy Award honors exceptional high school senior young women who are stepping boldly into their next chapter—college and beyond. This scholarship celebrates students who demonstrate resilience, leadership, academic dedication, community involvement, and a commitment to growth.

“Evolving” represents movement, transformation, and becoming. It recognizes that legacy is not only something we inherit—it is something we actively build. This award supports young women who understand that their education is not just for personal advancement, but for impact.

Through this scholarship, we invest in the dreams of tomorrow’s leaders—those who are shaping their future with courage, purpose, and vision.

Because legacy is not static.  
It evolves.
